

Before and After Photo Report Log

FIELDNOX | FREE REUSABLE TEMPLATE

Use view IDs to pair matching before and after photos. Add rows when the job has more views or stages.

Job details

Job / work order:

Linked service report:

Customer / site:

Work area or asset:

Visit date / technician:

Requested work:

Views

View ID	Area or asset	Taken from
V1		
V2		

Use the same ID only for the same area and viewpoint. Confirm the match from the images, not the label alone.

Photos

Photo ID	Stage	View ID	Caption	Capture date if known
P01	Before	V1		
P02	Before	V2		
P03	During	V2		
P04	After	V2		
P05	After	V1		

Review and handoff

Views not captured and reason:

Written checks / results linked to images:

Remaining issues:

Redactions or annotations in shared copy:

Originals kept at:
